EXPERIENCE

American Century Investments, Manhattan, NY/Remote — *Web Operations Intern*

June 2022 - August 2022

Collaborated with digital experience team to assist in migration from content management system Adobe Experience Manager to Contentful for the remodeling of the company website. Built pages and interactive prototypes using Contentful and Figma. Generated ongoing design solutions based on results from user interaction research for newly published pages.

Superb Productions, UC Berkeley — *Web Designer and Developer*

September 2020 - Present

SUPERB is dedicated to providing concerts and other forms of entertainment for the campus community. My responsibilities include producing animations, promotional flyers, merchandise designs, and the front-end maintenance of our website, http://www.superb.berkeley.edu/

Alpha Chi Omega, UC Berkeley — *Public Relations and Marketing*

February 2022 - Present

Creating and publishing content for social media accounts, formulating newsletters for parents and alumna, spearheading partnerships with new brands for collaborations and fundraisers, merchandise design, website maintenance, and communicating with financial chair and chapter advisors to update sorority roster and billing.

PROJECTS

Blondies Pizza, Berkeley, CA — *Web Design and Prototyping,* February 2022–April 2022

Commissioned to create website mock-ups with Figma for the new website of Blondies Pizza, formerly known as Abe's Pizza. Programmed the front-end skeleton code for the new website to launch via GoDaddy and WordPress.

Ida Rieu School for Blind and Deaf, Pakistan, *August 2018 – Current*

Teaching and creating original lesson plans for underprivileged deaf children in grades 3-5. Developed art curriculum for Capstone Research Diploma. Designed, established, and fundraised for their first elementary art classroom.

Songwriter, Iridescent Records, *Current*

Original song titled 'Sun Citizen' garnered over 100,000 streams published on Spotify, Apple Music, Amazon, Anghami, Soundcloud, and Youtube.
